### How risky is it?

The value of the Fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund’s returns change over time. This is called “volatility”.

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

### Risk rating

Investors Group has rated the volatility of this Fund as **low to medium**.

This rating is based on how much the Fund’s returns have changed from year to year. It doesn’t tell you how volatile the Fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

Low	<b>Low to medium</b>	Medium	Medium to high	High
-----	----------------------	--------	----------------	------

For more information about the risk rating and specific risks that can affect the Fund’s returns, see the *What are the Risks of Investing in the Fund?* section of the Fund’s simplified prospectus.

In general, you'll have to pay income tax on any money you make on the Fund. How much you pay depends on the tax laws where you live and whether or not you hold the Fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your Fund in a non-registered account, taxable fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

## How much does it cost?

The following section shows the fees and expenses you could pay to buy, own and sell Series U securities of the Fund. Fee	What you pay

However, if your investment was switched into the Fund from another Investors Group Fund or a Guaranteed Investment Fund and there was a redemption fee attached to it, we may charge you a redemption fee of up to 5.50% of the amount you redeem. If your original investment became subject to a redemption fee after June 30, 2016, any remaining deferred sales charge will be waived upon death of the individual owner (or last surviving owner for jointly held accounts).
Advisory fee	An annual advisory fee rate is based on, among other things, the market value of all of your Investors Group Funds and is calculated daily on the value of your investment in this Series. Under certain circumstances the Distributor may offer you a fee reduction. Please contact your Consultant for more information.
